

NOTICE TO PARENTS

I hope this finds you and the family in good health.

Please note that the latest Reception and Year 1 activities are now on the website. In order to comply with the advice with reference to staying at home as much as possible, we are not expecting you to come into school to collect packs. If you have difficulties downloading any of the activities and would like a hard copy, please contact me through my email sandrawhitford@hotmail.com, and I'll see what we can do. Judging by the few previous hard copies collected from the office, it seems most people are using the website.

The latest Nursery and Pre school packs will be available on the website tomorrow. Whilst on the subject of Nursery and Preschool it is difficult, and infact not appropriate, to give lots of worksheets to the children. The main aim of these year groups is the development of their social and language skills along with their gross and fine motor skills. All of these involve interaction between adult and child. However we can give lots of ideas. The activities and suggestions for Pre school and Nursery are appropriate for both age groups depending on their level of development and maturity, so whichever of these year groups your child is in, I suggest you look at both sets of activities.

With regard to the school opening again, the date is still the 19th of April. As soon as we hear anything different, we shall inform you. In the meantime, keep healthy and enjoy your time with your children.
