

URGENT NOTICE TO PARENTS

Please note that the latest notification from the Ministry of Education with reference to the effort to stem the spread of the coronavirus, is that the schools will be closed for a further two weeks i.e. they will reopen on the 29th March. Should the situation change we shall inform you via the website.

We have been told that staff may now return to school so the office will be manned from Sunday 8th March and therefore will be open for the collection of fees for next term from 9am. I am sorry to have to mention this at this time, but we do need to know who is returning so we can plan the staffing levels.

We shall continue to put more activities for the children on the website.

I apologise for any inconvenience, but this is something totally beyond our control and is an effort to protect your children.

Thank you for your support,

Sandra Whitford
